

We partner with clients to create
customised solutions
to manage, clean and maintain facilities.

A facility partner you don't have to manage

Danihers takes responsibility of your site day-to-day - reducing issues, ensuring compliance and making your role easier.

We partner with schools and organisations to deliver safe, compliant and well-presented environments - without the need for constant oversight.

With over 39 years' experience and more than 70 clients across Victoria, we understand what matters most - reliability, communication and getting things done properly.

MANAGE

Onsite property management, project management, compliance, asset management, essential safety management, landscape design and environmental services

CLEAN

Specialising in contract and periodical cleaning for schools.

MAINTAIN

DFMS is Danihers bespoke Computerised Maintenance Management System to log and monitor all work requests.

Explore Danihers tailored solutions for your property

Our role is not just to deliver services - it's to take responsibility for your facilities.

By managing compliance, coordinating services and maintaining consistent standards, we remove the requirement for you to be constantly overseeing and following-up.

You can focus on running your business with the peace of mind that your facilities are being properly managed.
